Sliding wardrobe

Technical notes

SLIDING TRACK

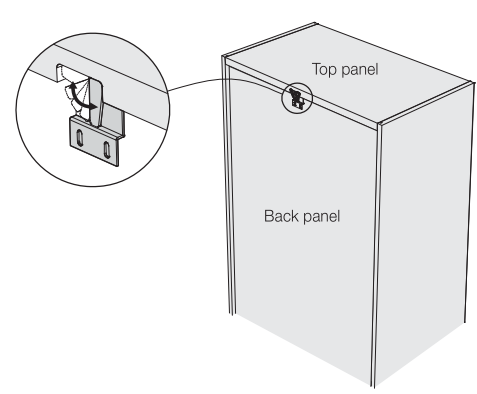

- All sliding wardrobes are fitted, as standard, with SOFT-CLOSE MECHANISM with silence and fluid action

CLOTHES HANGER RAILS

- Prices of modules include clothes hanger rail in Piombo and Brown finish
 - Clothes hanger rail support designed SANGIACOMO

HARDWARE FOR WALL FIXING WARDROBE

- In wardrobes D. 435 at least two compartments are provided with an anti-tilting attachment to be fixed to a wall.
 - At least one compartment of 595 deep wardrobes is provided with a non-tilting attachment to be used when required.
 - The non-tilting plates to secure to the wall come with spacers so that they can be used with maximum 15mm thick skirting board.

ASSEMBLY NOTES

Necessary space for wardrobe assembly:
 Width +35 - Height +60

The door can be regulated from the front and does not need more upper space.
